PROFESSIONAL PROFILE

Results-oriented Data Science graduate with a strong foundation in analytics, statistical modeling, and business intelligence. Adept at translating complex data into actionable insights that support strategic decision-making, operational efficiency, and business improvement initiatives. Experienced in consulting on data-driven solutions across logistics and risk environments, with a proven ability to identify control gaps and recommend process enhancements. Certified in SAP S/4HANA, with expertise spanning Python, SQL, Power BI, and cloud platforms. Committed to delivering advisory value and driving measurable outcomes in dynamic, client-facing environments.

EXPERIENCE

Risk & Control Intern | **ByteDance** • Dubai, UAE *Sep 2025 – Present*

- Conducting risk assessments using data analysis and internal control evaluations to strengthen governance across business operations.
- Supporting business operations improvement advisory by identifying control gaps and recommending process enhancements to drive operational efficiency.
- Collaborating with cross-functional teams to develop control frameworks, document risk findings, and track remediation progress.

Data Analyst Intern | **GAC Logistics** • Dubai, UAE *Jul 2023 – Sep 2023*

- Consolidated duplicate records using SQL and Excel, improving data integrity and accuracy by 25%.
- Built interactive Power BI dashboards to support executive decision-making, reducing report generation time by 30%.
- Streamlined data management practices, reducing redundancy and accelerating data retrieval by 20%.

EDUCATION

B.Sc. in Data Sciences | **Heriot-Watt University** • Dubai, UAE *Expected Sep 2026*

Relevant Coursework: Data Visualization & Analytics, Advanced Machine Learning, Software Engineering, Bayesian Inference & Computational Methods, Statistical Models.

SKILLS
